

**CASAs for Children
CASA VOLUNTEER SCHOLARSHIP
APPLICATION**

CASAs for Children (CFC) wishes to support CASA volunteers in their quest to improve their knowledge and skills relating to advocacy for abused and neglected children. Some community training opportunities charge a fee which may create a barrier for a volunteer who wishes to attend. The CFC board will therefore consider all requests for scholarship assistance to attend training. The CFC board meets monthly, has a budgeted amount for scholarships, and will consider requests as they are received. Criteria for scholarship awards include: the volunteer currently has an active case; availability of funds; and, priority is given to those volunteers who have not previously received a scholarship from CFC.

If approved for scholarship assistance, CFC will *reimburse* the CASA volunteer once training expense receipts are turned in. To receive continuing education credit, the volunteer must turn in documentation of training attendance to their local CASA program coordinator.

CASA VOLUNTEER NAME: _____

ADDRESS: _____

PHONE: _____ EMAIL: _____

TITLE OF TRAINING: _____
