<b>Attorneys for:</b>		
<b>Mother</b>	<b>Darlene Wright – OPA</b>	<b>555-6000</b>
<b>Father</b>	<b>Walt Harris – PD</b>	<b>707-7000</b>

**Case History**

Original complaint: A protective service report was made to OCS by the third-grade teacher and school nurse at Parkside Elementary. The callers stated that one of their students, Marky Green, often comes to school with poor hygiene, that much of this clothing is not his size, and that he's just come in with his third case of head lice in three months.

The OCS social worker (SW) interviewed the children's parents, Judy and Roy Greene. The family is Caucasian; the parents are in their late twenties. Per medical reports, mother was diagnosed in middle school as developmentally delayed. Roy works on the slope and is away from the home for extended periods of time; his shift is three weeks on, one off. Father states, "I've been depressed for a long time." However, he reported to the SW that he has not seen a counselor or been on medication for years due to the expense. The Greene family moved here from out of state two years ago. They have no extended family living nearby.

The SW found conditions in the home deplorable and dangerous. The SW observed food smashed into the floor, trash throughout the home, and a very strong stench of urine and rotting food. There was no room for people to sit. The trailer had a current mouse problem. Roy had just returned from the slope earlier that morning and stated he was in the process of cleaning. OCS filed an emergency petition for neglect and parental mental health.

Parents stipulated to PC (probable cause) and to adjudication. It was determined that the child's placement will continue with the current foster placement. Parents were ordered to cooperate with OCS case plan. Disposition Hearing is scheduled in two and a half weeks.

**Court-Ordered Services**

**For the child:**

- Educational needs met as appropriate

**For the Father:**

- Psychological evaluation and counseling (if recommended)

**For the Mother:**

- Psychological evaluation and treatment/counseling (if recommended)
- Parenting classes
- Anger management classes
- Substance evaluation and treatment (if recommended)
